FOR IMMEDIATE RELEASE

NEW LEON MODEL 1350 A-SERIES LAND SCRAPER

Yorkton, SK – June, 2011 - NEW for 2011, LEON'S MFG. COMPANY INC. proudly offers the NEW LEON MODEL 1350 A-SERIES Land Scraper. Designed for agricultural and industrial applications, the large 13.5 cubic yard capacity unit features HD Twin RAM Cylinder forced ejection capabilities, rear diamond back construction tires, fully synchronized hydraulic control, and 180 deg ++ ball and socket steering for maximum manoeuvrability.

The unit is finished in a two-tone baked on industrial black and yellow powder paint finish and comes fully equipped with 3 piece high carbon cutting edge, center frost blade, adjustable park jack, and accommodates laser control, GPS, and push bumper accessory plates. This scientifically designed machine is ideal for 200 to 425 HP tractors working in agricultural applications, land reclamation projects, road building, terracing, and other large spread and level applications.
