LEON'S proven mounting system and performance features continue to set the standard in the industry. Complete LEON Model 2530 Dozer Blade packages feature:

- LEON 'High Lift' 30"++ lift height capability
- LEON 'Quick On - Quick Off' push assembly
- Two mounts available - Standard push frame or front three-point hitch adapter
- Powerful 23 degree left and right hydraulic angle, positioned to avoid contact with working terrain
- Ripple formed blades for clean roll off & roll break to make pushing dirt, snow, and silage easier
- High tractor underframe clearance to guarantee good maneuverability when working in soft and rough terrain
- 10 degree 'Hydraulic Vertical Tilt' available for full six way hydraulic control
- Chromium Carbide Skid Shoes available
- Replaceable heat treated cutting edges
- Optional crossover hydraulic cushion valve is available
- Mounting Kit complete with all required instructions for tractor safe mounting
- Full tractor service accessibility
- Blade widths ranging from 10" to 16" with side extensions available
- Grated top extensions bring total LEON blade height to 55" high
- Comprehensive warranty coverage
- Rated for 100 HP to 200 HP Tractors

LEON offers over a thousand mounting brackets to fit new and used 2WD, FWA, 4WD, and track drive tractors.
